Rydym yn deall bod rhai ohonoch nawr yn dod i ben gyda'r gwaith ychwanegol o wefan yr ysgol ac yn edrych am waith ychwanegol. Rwyf wedi uwchlwytho gwaith darllen a deall Cymraeg a Saesneg a gwaith Mathemateg i ffeiliau wedi rhannu ar J2E fel eich bod yn gallu gwneud y gwaith heb ei brintio a bydd yr athrawon yn gallu marcio eich gwaith a rhoi sylwadau arno.

(cofiwch mae mwy na un tudalen i'r gwaith hyn a bob tro rydych yn arbed y gwaith gall yr athrawon farcio y tudalen rydych wedi ei farcio wedyn gallwch fynd yn ol atynt.)

Er mwyn deall sut i gael hyd i'r gwaith a sut i droi tudalen yn J2E5 plis gwylwch y fideo yma

We understand that some pupils have now completed most of the extra tasks from the school website and would like some additional work. I've uploaded comprehension work in Welsh and English and some Maths activities into the shared files in J2E so that you don't have to print the work you can do the work in J2E5 and then the teachers can mark your work and give you comments.

(remember there are often more than 1 page to this work and every time you save your work the teachers can mark that page then you can continue with another page on another day.)

To understand how to find your work and how to turn a page in J2E5 please watch this video
